

**EASY VICTORY
FOR SCHOOL**

Gracey Votes to Establish a
Graded Common
School

ONLY ONE OPPOSING VOTE.

Board of Five Trustees Elected
To Put School Into
Operation.

The graded school election at Gracey Tuesday was practically unanimous for the school. Only one vote of the 40 cast was against the proposition. The district extends a mile or two around Gracey and contains about 55 or 60 white votes, 10 of them in Trigg county. The district already has a handsome and commodious new building that will be used.

The following Board of Trustees was elected: B. W. Cowherd, P. T.

Roberts, L. A. Summers, Walter Cox and J. P. Sholar. The last named lives in Trigg county.

DIAZ QUILTS

Vice President Corral, of Mexico, resigned Tuesday and President Diaz was expected to follow suit yesterday. All cabinet officers resigned except Minister LeBarra, who is to become President.

BAD MAN.

Will Be Swung Up Early This Morning.

Frankfort, Kentucky, May 24.—Roger Warren will be hanged Thursday morning, the scaffold reaching here from Lexington yesterday. Warren will be the last man to be hanged on this famous scaffold which has been the gallows for more than twenty men, including Jackson and Walling, murderers of Pearl Bryan, and Whitney and O'Brien, who killed Mr. Chinn in Lexington.

Old Soldier.

Alvord Whittenburg, aged 76, a pensioner, was killed by a train at Henderson and \$540 was found on his person.

**CHOICE LOTS
TO BE SOLD**

Handsome Cooper Addition To
Be Put On the Market
Next Month.

IT CONTAINS 45 NICE LOTS.

Addition Will Open With Water
Pipes and a Mile of Con-
crete Walks.

What will be known as the Cooper addition, will be put on the market about June 20 by Messrs. G. L. Campbell, R. E. Cooper and Odie Davis. This property lies on Thirteenth, Fifteenth and Sixteenth streets and on Canton Pike and is the closest in and most desirable residence property that can be had. The exact date of the sale has not yet been announced, but it will be some time within the next month.

If the city were gone over no more desirable residence property could not be found than this, it is located within a few squares of the business district and in as good residence neighborhood as there is in the city. The property has been held off the market for years, although effort after effort has been made to purchase sites for homes in that section by people who realized how promising it was.

The lots lie high and have good drainage, yet they are naturally adapted for building and very little if any work would have to be done to get them ready for placing a house.

With the steady growth of Hopkinsville during the past years, close in business sites have become scarce and those which remain on the market have advanced in price until they are almost beyond reach. But this property is within half a dozen blocks of the center of the business section, yet it is retired and quiet. The lots lie between the railroads and the objectionable feature of having to cross a railroad to get to or from home, which is the case with so many home owners, is done away with.

The lots lie close to the Pioneer

Square that is to be beautified soon by the city. Already a movement to this effect is under way and will be consummated in the near future and will add much to the attractiveness of that part of the town.

There are about 45 lots in the addition, all of which are generous in size, being plenty large for a house and liberal space for yard and garden if desired. They are now being improved, concrete walks being laid in every direction and water pipes being laid close to ever one. More than half a mile of concrete walks have been contracted for in this one addition alone and the work of laying it is now under way. These walks will be four feet wide.

Just how the lots will be sold has not been decided upon, but probably a public sale will be held and the prospective purchasers will make the prices themselves. Yet it may be that the demand for them will be so great in advance of any public sale that they may be closed out privately. There is no doubt but that they will be greedily sought as soon as it is known that they are on the market. Real estate in Hopkinsville is still advancing and will continue to do so as the town grows and no one who intends to buy a home should fail to take advantage of this last chance at property that is close in and in every way desirable.

NIGHT RIDERS

Shoot up The House of Joe
Ellis Near Clarksville.

Clarksville, Tenn., May 23.—Late last night a band of men riddled the house of Joe Ellis with bullets. Mr. Ellis resides in District No. 19, near Palmyra, and he and his family had retired for the night when the band aroused them.

Mr. Ellis responded to their call and was told that they wanted Gar Lyle. Lyle, who had been stopping there, was not at home, and the crowd was so informed, but they seemed to doubt Mr. Ellis' statement and commenced to shoot at the house. Hundreds of shots were fired, many of which struck the building. A lamp, the light of which could be seen through a window, was shot to pieces, but fortunately did not set fire to anything.

Mr. Ellis states that there seemed to be about fifty men in the party, but he was unable to recognize any of them. He and his family were badly frightened by the attack, but were uninjured. A note found at the gate yesterday morning gave notice that Lyle must not be entertained there any longer.

Accounts Found Short.

Paris Ky., May 22.—Following the suicide of E. J. Myall, Asst. cashier of the Citizens Bank here, a shortage of \$50,000 in accounts was found. The bank has assigned.

To Build Fine House.

Mr. Frank B. Lacy is preparing to build a fine modern house on his farm in the country. It will be one of the handsomest country homes in the county.
